NEVILLE HIGH SCHOOL —

BRIDGE TO THE FUTURE

The future—no one knows what it will hold, but each day, each moment contributes an essential part of the bridge to the future.

To so many Monroyans Neville High School has stood firmly as the base of the bridge. The first timid step toward the other side occurs early in the fall at freshman orientation. The freshman year, full of new adventures, marks the eager first stride over the bridge.

Midway across, at the beginning of the junior year, the student feels his first sensation of being an upperclassman. Gone is the immaturity of freshman and sophomore years. Thoughts turn toward college and plans for after graduation. Now near the end of the bridge, the Seniors wait to take their last confident step—confident because they are prepared. Neville has been their bridge to the future. Whether it will be college or work, Neville has helped in building the basis for the future.

BRIDGE TO FRIENDSHIP

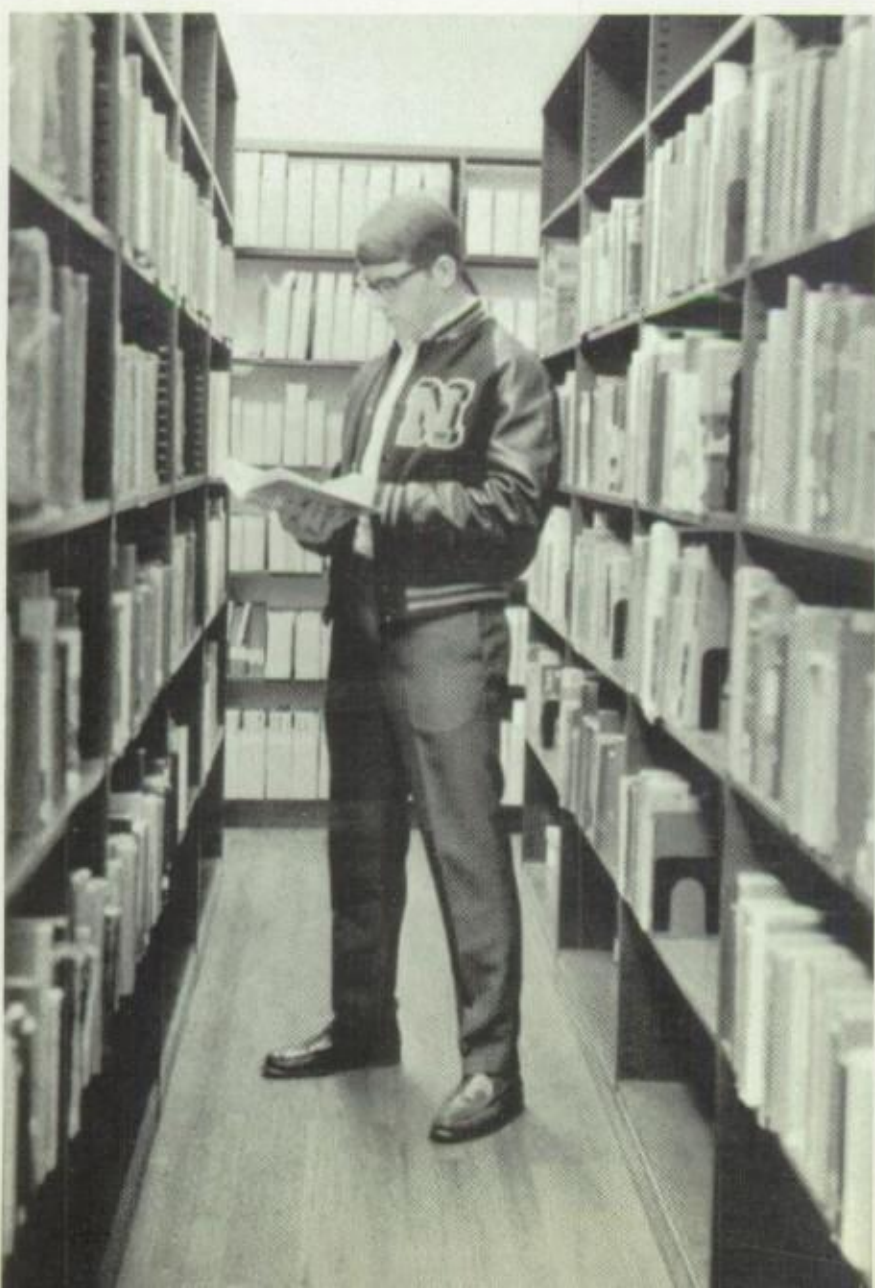

Friendship at Neville is that intangible something that exists in everyday events. The glances and smiles across the classroom, the enthusiasm at a football game, the homecoming dance, the classroom discussions all build strong friends. Working together on projects turns mere acquaintances into unforgettable friendships.

The moment that the real meaning of high school friends comes to life is at graduation. Seniors are stunned by the realization that graduation is the last time the entire class will be together. Friends will go their separate ways. High school classes and teachers will be exchanged for college and professors or employers. A few tears will roll down some faces, but the friendships that seem lost forever will serve as a part of the bridge that Neville High School builds to the future.

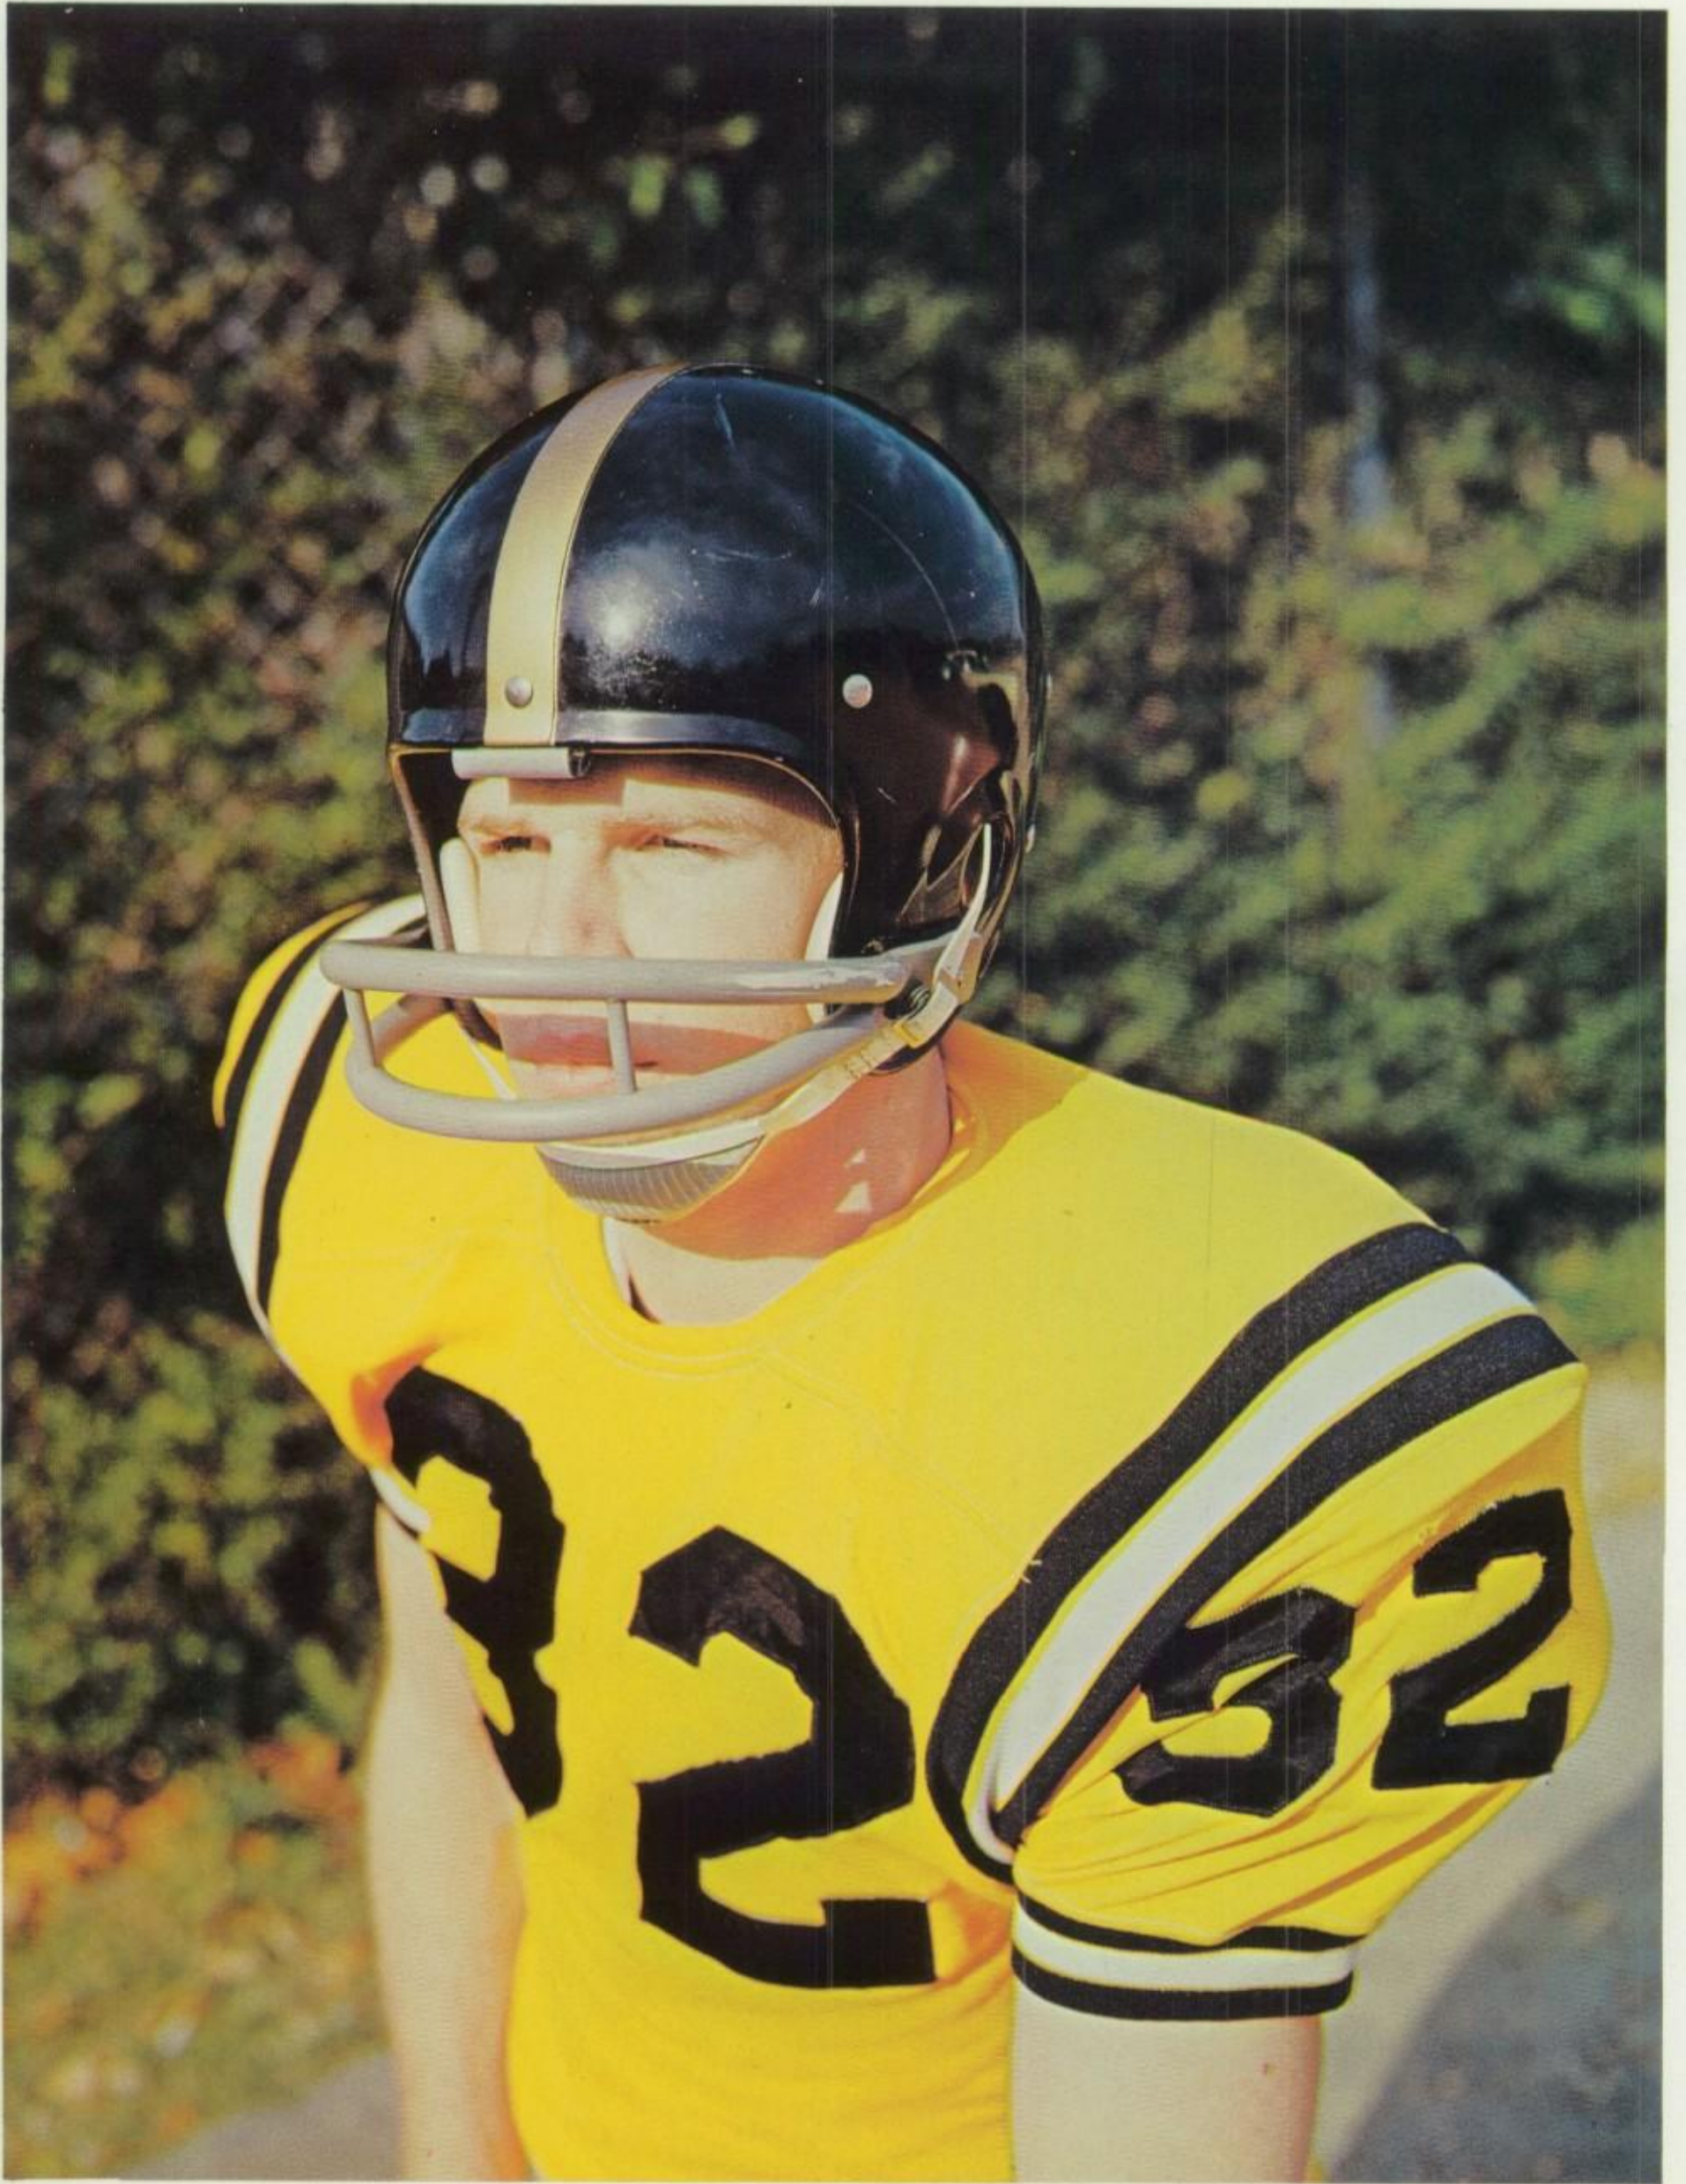

BRIDGE TO STRENGTH

Each activity at Neville is aimed at building body and mind. Classes strengthen knowledge. Chemistry, for example teaches an understanding of the make-up of matter. It is also a required course on most college curricula. A knowledge of the library unlocks a wonderland of new facts and proves a time-saver in research work. Football, not only strengthens muscles and agility, but also promotes cooperation and team work. Through classes and extracurricular activities such as these, Neville High School strengthens the individual for the future.

IN BODY AND MIND

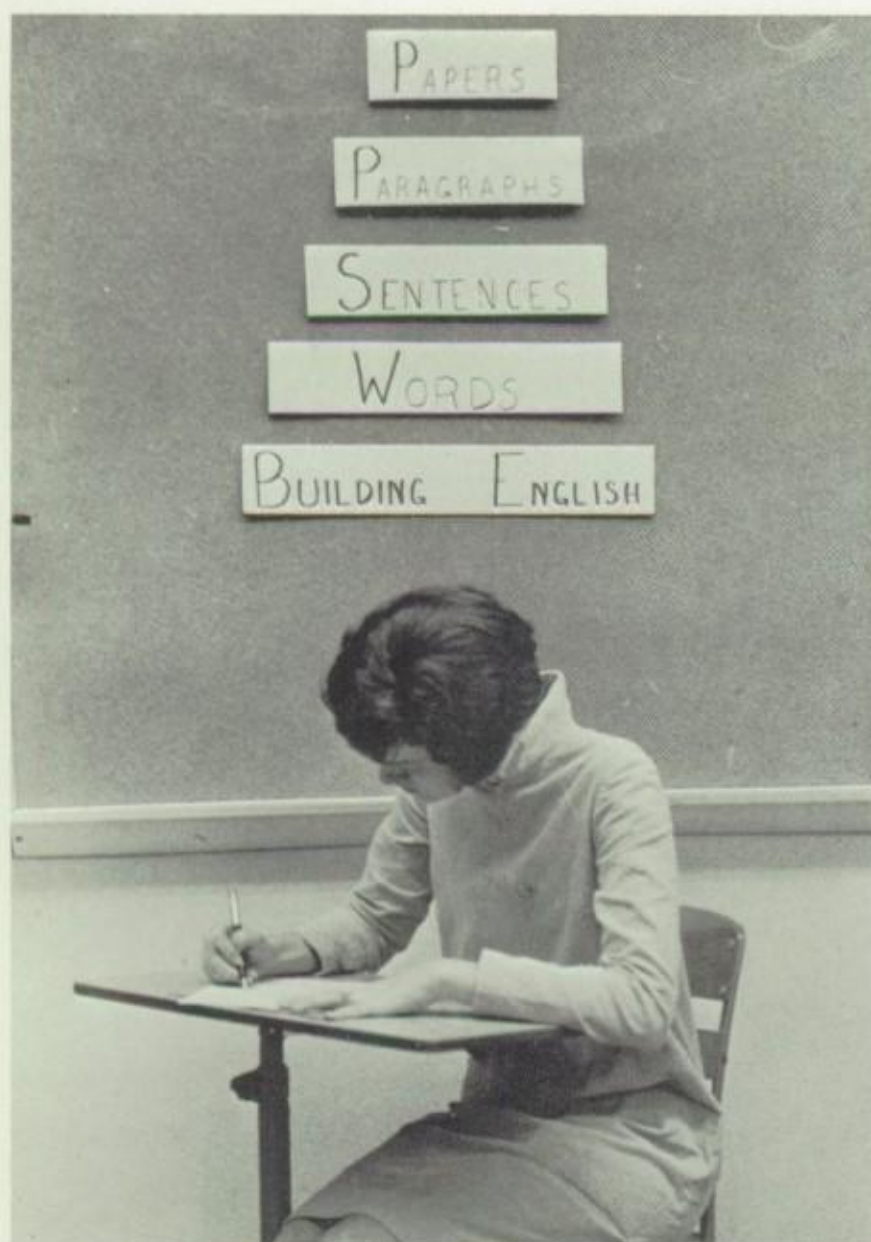

Creativity is the original expression of one's self and ideas. English composition teaches the student how to express himself through words. Music and speech give expression not only in words but also through sounds. To encourage creativity Neville High School offers a variety of elective courses including chorus, band, orchestra, speech, and art.

There is no creativity, however, until it is done with others. Each year the students display their various talents in school assemblies, plays, and displays. The Neville faculty members strive to seek out the creative flair of each individual and to help his talents blossom. Neville High School enables each student to create his own bridge to the future.

BRIDGE TO CREATIVITY

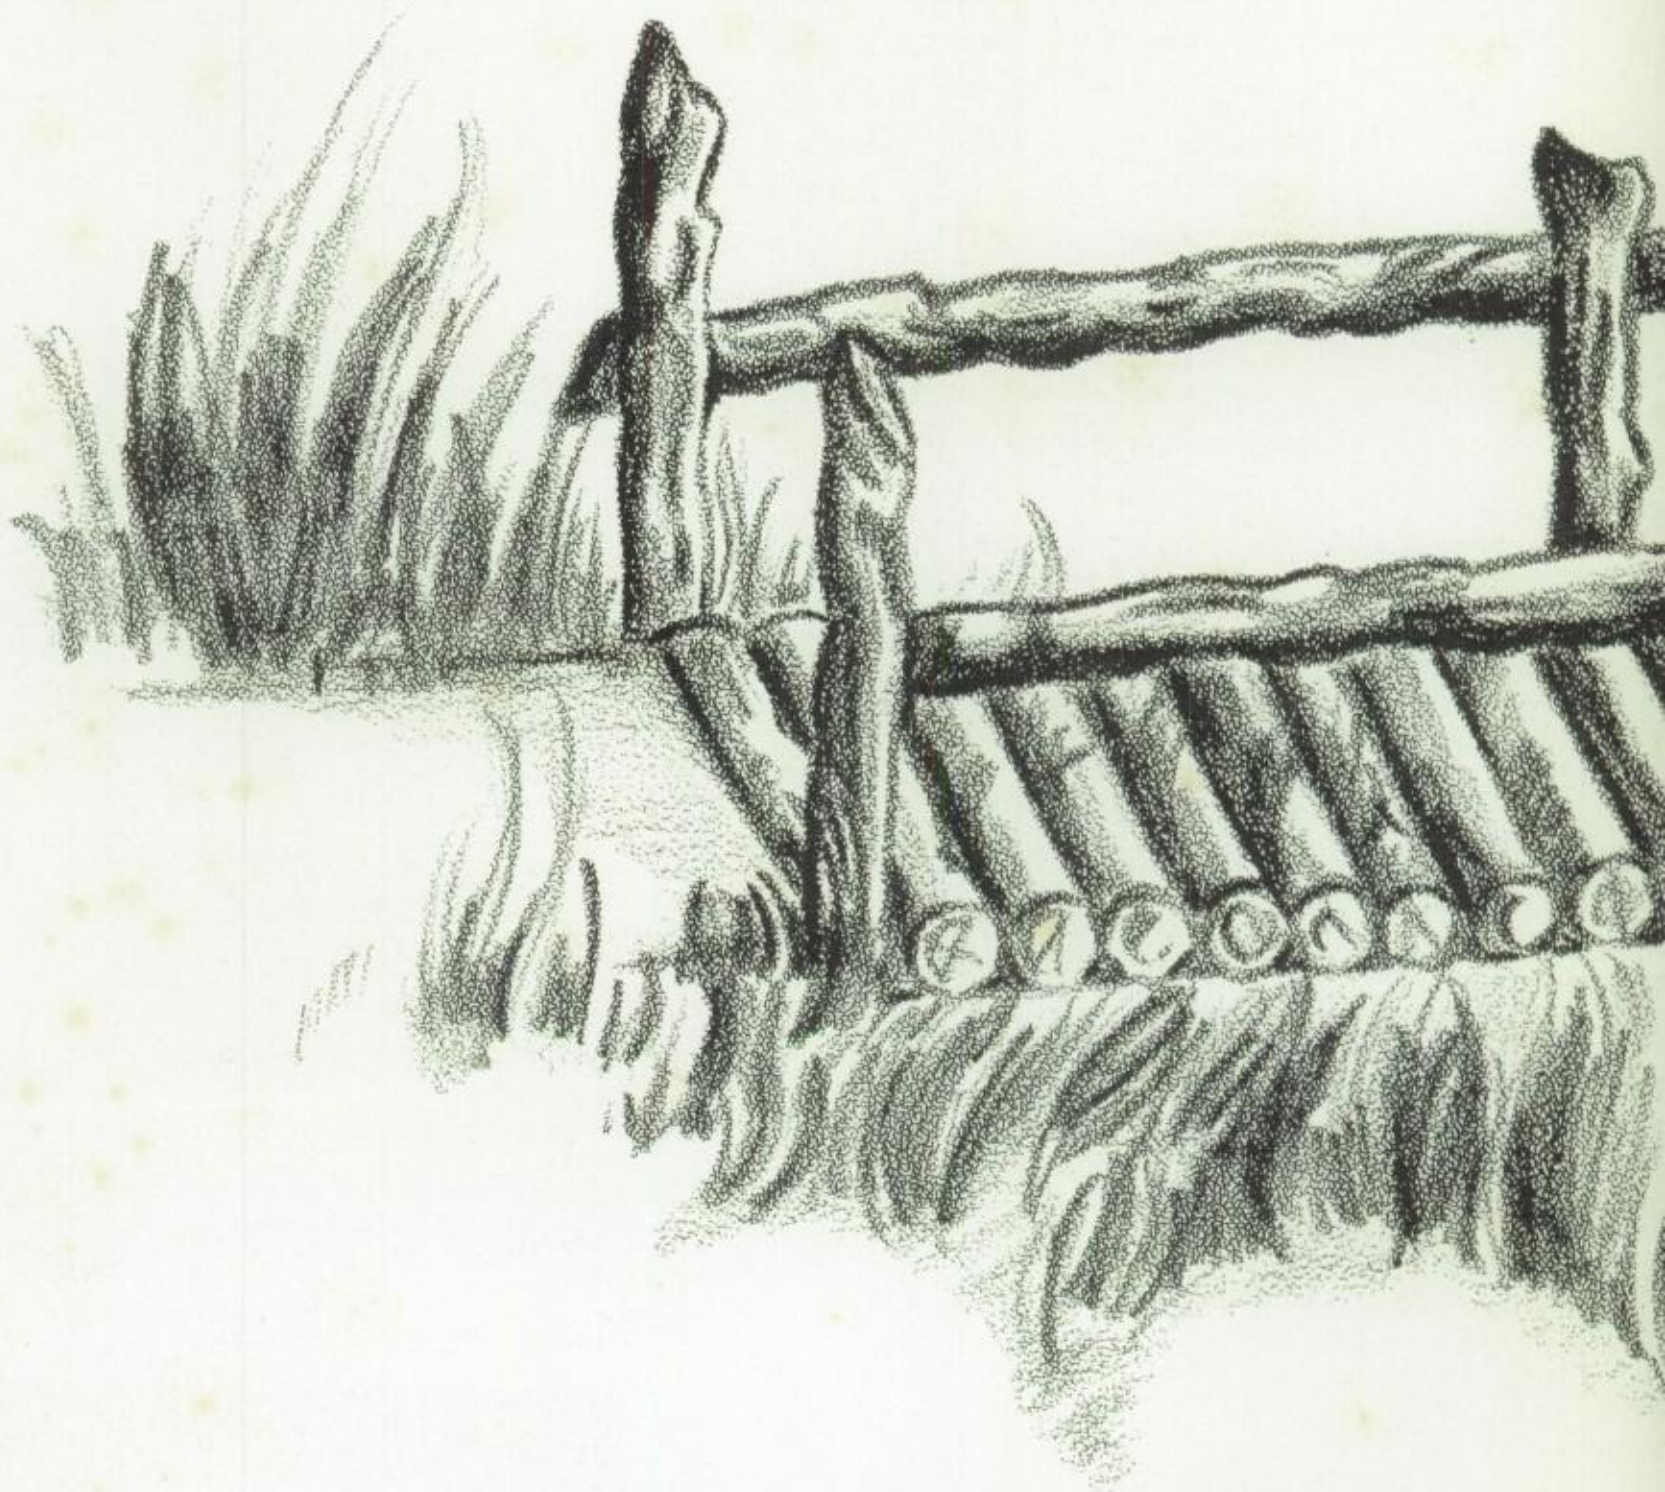

BRIDGE TO RESPONSIBILITY

Every position in life requires the shouldering of responsibility. Neville High School prepares the student by entrusting specific duties and positions of leadership to him. Class and club officers and student council members display an excellent example of responsible service to their school.

Not only the leaders, but also the followers must show maturity in their actions. Through democratic student elections, student assemblies, and daily flag ceremonies the school strives to make the student aware of the responsibilities of American citizenship. Participation in special drives, such as that sponsored by the Student Council to aid graduates who are now serving somewhere in the armed services, broadens the student's concept of his duty to himself and to others. Without this sense of responsibility there would be no pride in Neville High School or the future.

Mr. Jerry R. Lee, Principal

B.A., Northeast Louisiana State College; M.A., Harding College; M.Ed., Northeast Louisiana State College. *Principal.*

The office of principal is not an easy one to fill. A principal must be like a father to his students. He must be a friend always ready with understanding and good advice, but he must also be a stern disciplinarian when the occasion demands. Most important of all, a principal must help create that indefinable something that every great school has: school spirit. We at Neville High School are deeply grateful to Mr. Jerry R. Lee, who does all these things and more as our dedicated and competent principal.

Administrators and Staff Are People With a Purpose

Shelves of books provided almost unlimited reading material for Mike Porter.

Library Provides Atmosphere for Study

Many courses at Neville require a good deal of outside research; and, when a student needs references for a report, he is always grateful for a fine library. Miss Washburn and Mrs. White, efficient librarians, aid pupils in finding numerous references for just about any imaginable subject. Students who wish to read merely for pleasure can also find much food for thought. The library has many different fiction books, from the classics to the latest in modern prose.

MISS GENEVRA WASHBURN: B.A., Newcomb College; M.A., Columbia University; B.S., Louisiana State University. Library.

MRS. MILDRED K. WHITE: B.S., Grambling College; M.A., Arizona State University. Assistant Librarian.

MISS GENEVRA WASHBURN

MRS. MILDRED K. WHITE

Making use of research matter available for their outside assignments were Martha Maxwell and Merri-jane Yerger.

Guidance Offers Vocational and Educational Advice

Bridging the gaps into and out of high school is not an easy task, but Mr. Pankey and Miss Douciere, the competent counselors, do their best to help students adjust. The Guidance Office is a storehouse of information on colleges and careers and is greatly helpful to those students who may be just a bit confused about their futures. Personality and aptitude tests are also aids in assisting pupils to decide what job they are suited for. In addition, both the counselors become friends, always willing to listen to a student with personal problems.

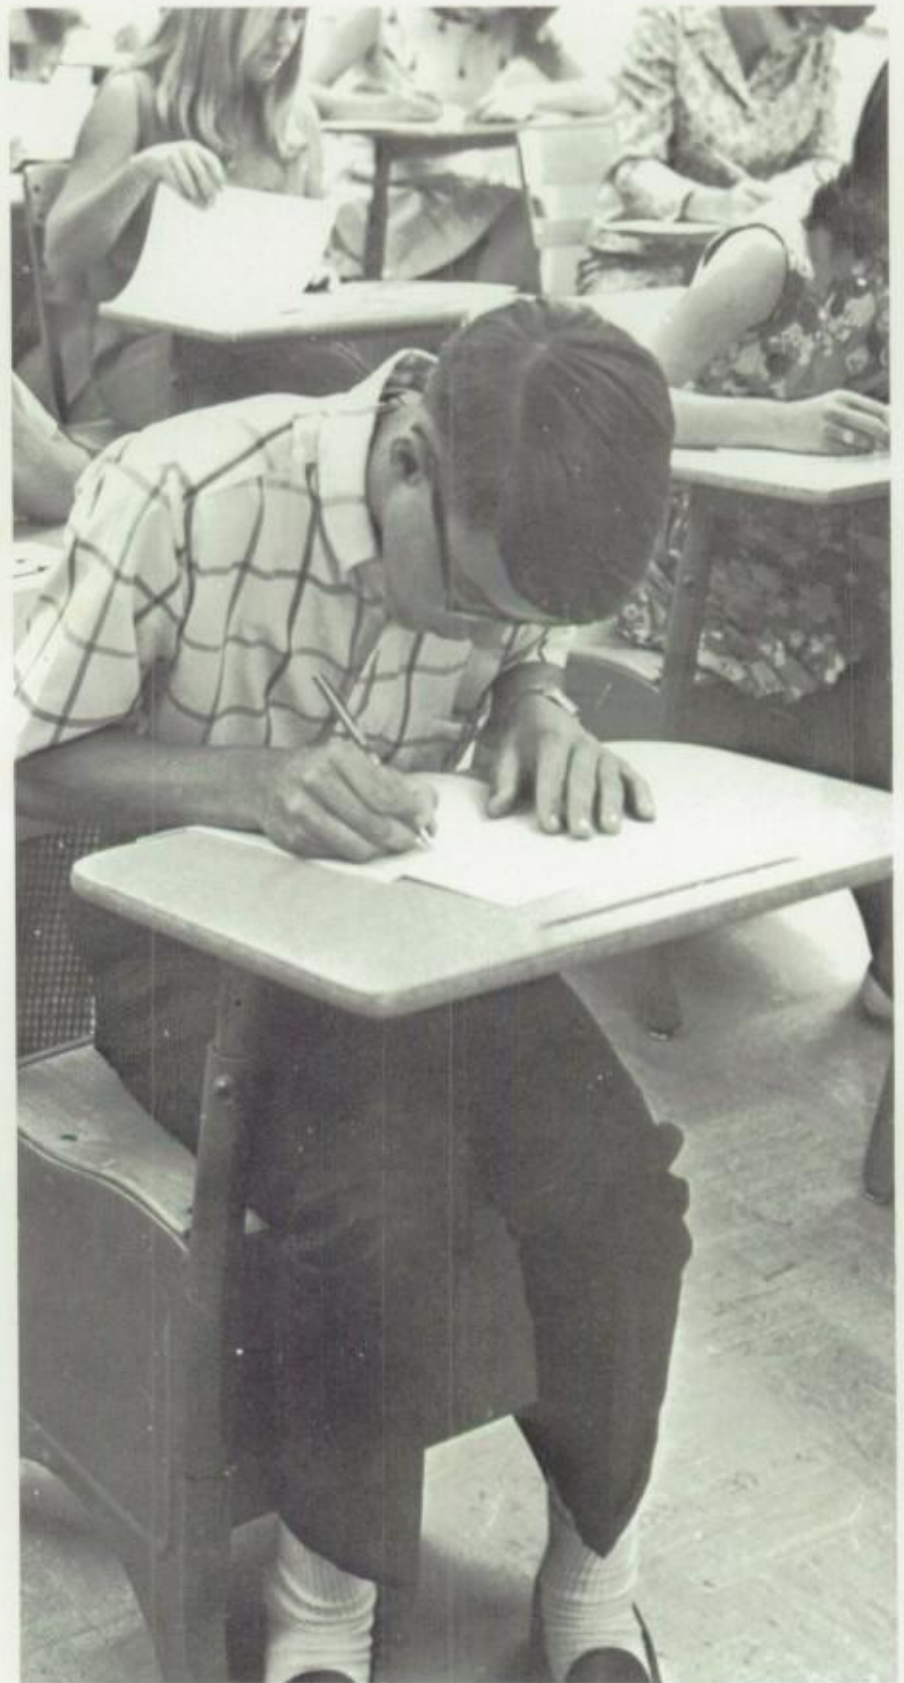

MISS KATHRYN DOUCIERE

MR. HARRY PANKEY

Because they were seniors, Georgiana Fink and Jennifer Frazer visited the office to study college annuals and catalogues.

Before each school year the Guidance Department sponsors Freshman Orientation Day. Mike Chapman attempted to fill out his schedule and other information cards with accuracy.

MISS KATHRYN DOUCIERE: B.S., M.Ed., Louisiana State University. Counselor for juniors and seniors.

MR. HARRY PANKEY: B.S., Northwestern State College; M.Ed., Mississippi College. Counselor for freshmen and sophomores. Interact Club.

English Teaches Basic Rules of Usage

The greatest tool of communication is the English language, and the principal objective of the English Department is to teach the student to use it correctly and therefore effectively. Teachers instruct pupils in the basic rules of grammar and modern usage. Literature is introduced as a means of understanding history and the peoples of different ages. Through reading works by many different authors, students gain a better perspective of the forces which shaped the world.

Through parsing of sentence elements, sophomores learn the parts of speech and their functions. Cindy Liner's position on the front row made it necessary for her to collect the homework papers.

Science Classes Study Everything From Anatomy to Nuclear Physics

In this modern world with its computers, atomic bombs, and rockets, a knowledge of scientific principles is almost imperative for understanding anything about such complicated machines. The science courses at Neville aim at giving the student an all-around basic knowledge of these principles so that he can take his place in today's science-oriented society. Biology gives students information about the many varied life forms of the earth. Chemistry teaches students about the composition of things surrounding them. Physics helps pupils learn the fundamental laws of the universe. General science attempts to teach a little of each. By participating in classroom activities, Neville students gain the scientific knowledge they need to become well-rounded people.

MRS. CAROLYN LINDSAY

MR. LARRY LOFTIN

Biology instructor Mr. Loftin referred to the department's skeleton when he taught the lessons on the human anatomy.

MRS. CAROLYN O.

Exponents had to be handled just right by Algebra I pupil Danny Breard.

Mathematics Stresses Logic and Theories

Many a student has been heard to cry, "Oh, why do I have to take Algebra? What good will it ever do? I'm not planning to be a mathematician." Just because he doesn't want to major in mathematics, a student may often give vent to his misery in this manner when he's stumped over a particularly hard equation. Mathematics, however, should be included in everyone's schedule because it teaches the student to use logic. Also, a good background in math provides a sturdy foundation for any work in science. Basic algebraic formulas are essential to understanding of physics and chemistry. Neville's well-qualified teachers endeavor to teach students the principles that are so necessary for other subjects.

Working with trigonometric functions in Algebra II were Nancy Leigh and Connie Cronk.

MRS. JANE H. PEARCE

MRS. RUTH M. SMITH

MR. NICK WHITE

Mr. Bergeron made a point in a discussion during a General Mathematics class.

In Economics students study the stock market. Looking over recent quotations were Petey Heflin and Lee Vanderpool.

Social Studies Department Offers New Course in World Affairs

A good knowledge of history and geography is almost essential to an understanding of what is happening in the world today. By studying the way people in ancient times lived, one gains insight into the people of modern times. It is certainly true that one can learn much by reading and discussing the major civilizations of the past. In addition, students can understand modern history better if they know about the events leading up to it. Economics and World Affairs courses lead to more comprehension of the international status quo. The courses in current events add to knowledge of the world now.

MRS. EILEEN BAUR

Lecture is an important part of the teaching method in history classes; therefore students must take good notes. An open notebook test was one way used this year to find out whether the class was taking good notes.

MRS. EILEEN BAUR: B.A., M.A., Louisiana Polytechnic Institute. American History.

MR. BENNIE M. HIXON: B.A., Louisiana Polytechnic Institute; M.Ed., Louisiana State University. World History and World Affairs.

Malva Cooley reported to her class in World History.

MR. BENNIE M. HIXON

MRS. DORA KILPATRICK

MRS. SUE WARD

Available to students were publications related to the study of social studies, records, and films.

A transplanted South Louisianian, Mrs. Crawley delighted the student body with her interpretation of a Cajun's "Twas the Night Before Christmas."

Foreign Language Study Hastens Understanding of the World's Peoples

In order for the people of the world to understand each other, they must be able to communicate. By learning to speak foreign languages, one acquires an instrument which will facilitate the achievement of this understanding. In addition to this invaluable service, studying other languages can aid one in using his native tongue.

MRS. LAVERN BLYTHE

MRS. C. F. CRAWLEY

In French I classes students are taught vocabulary through association of words with pictures of the subjects being learned. Jenny Robertson pointed out the poster for the French equivalents for vegetables.

The language laboratory offered supplemental experience with spoken French to pupils such as Charles McCleery.

MRS. LAVERN BLYTHE: B.A., Northeast Louisiana State College. French I, General Mathematics. French Club.

MRS. C. F. CRAWLEY: B.S., Louisiana State University; M.A., Tulane University. Latin I, II, III, and IV. Latin Club.

MR. GUY H. POPHAM, JR.: B.A., Seton Hall University. Latin I, Civics. Latin Club, Junior Classical League.

MRS. ANA SIGLER: B.A., M.A., Louisiana State University. Spanish I, II, and III.

MRS. MARGARET TAYLOR: B.A., University of Southwestern Louisiana; M.A., Tulane University. French II and III. Société Honoraire de Français.

MR. GUY H. POPHAM, JR.

MRS. ANA SIGLER

Having spoken Spanish since childhood, Mrs. Sigler was able to teach her classes many of the intricacies of the grammar of her language.

MRS. MARGARET TAYLOR

Aside from their study of Spanish in the classroom approximately thirty students toured Monterrey, Mexico. Among those making the trip were Marilyn Wood, Porkie Polen, Becki McNeer, Freddie Britton, Sharon Hardy, Judy Gannaway.

Business Offers Practice for Tomorrow's Business World

Neville's business classes offer courses which appeal to a student planning to pursue a study in business at college, as well as one planning to go directly into the field. Shorthand is an enormous help for secretarial jobs and note-taking in college. Those in Clerical Practice learn the use of business machines. One learns the basic foundation for future administration in bookkeeping. Typing is taken by majors in business and students who need the skill for future college work in every field.

After she had taken down a letter in shorthand, Linda Minninger then put it in typewritten form.

MRS. BERNICE HICKMAN

Comparing a list of figures with a tape were Johnny Gaiennie and Brenda Dye.

Working on a project required in Clerical Practice was Steve Cahn.

MISS MARIANNA JOHNSON

No student in Bookkeeping class could afford to drop his pencil because Miss Johnson would have already covered more work than he could catch up with.

Listening to a dictaphone and typing what she heard was Brenda Dye.

MRS. BERNICE HICKMAN: B.S., Louisiana Polytechnic Institute; M.B.E., University of Mississippi. Typewriting and Shorthand.

MISS MARIANNA JOHNSON: B.S., Louisiana Polytechnic Institute; M.B.E., University of Mississippi. Typewriting and Bookkeeping.

Miss Harris raised her hand for the music to begin.

Music Department Gives Tiger Spirit Extra Boost

There's an old adage which says that music has charms to sooth the savage beast. The Neville Tigers are discriminating beasts when it comes to music: if music is going to sooth them it has to be good. Neville's band, orchestra, and chorus easily keep the Tigers quiet with their outstanding programs throughout the year. Members of the orchestra present a spring concert and some also participate in the All-State Orchestra. The choral department travels to music festivals and puts on the annual Christmas assembly. To contrast its soothing qualities the Neville band plays at most of the assemblies and all the football games, giving Tiger spirit that extra something special.

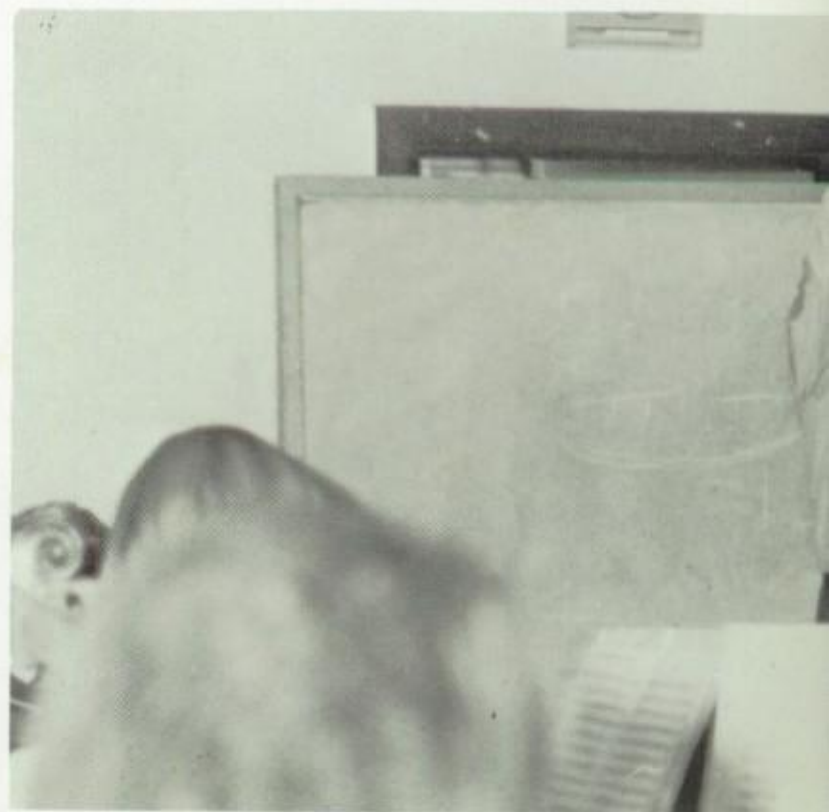

MR. JOE W. CASKEY

MR. ROGER DIGIULIAN

Practicing "Um-pahs" on his tuba was David Law.

Far up in the orchestra tower music from the stringed instruments could be heard under the direction of Mr. DiGiulian.

Members of the Boys' Chorus smiled for the camera.

MISS NINA HARRIS

Warming up on their instruments before class began were Robert Stone Bewick and Linda Harwood.

MR. JOE W. CASKEY: B.A., Louisiana Polytechnic Institute; M.A., Vandercook College of Chicago. Instrumental Music. Concert Band, Marching Band, and Stage Band.

MISS NINA HARRIS: B.A., Newcomb College; M. Music Education, Northeast Louisiana State College. Choral Music.

Restored this year to girls' basketball was the roving forward. Moving the ball all the way down court was Virginia Rizzo.

Physical Education Classes Teach Mental and Physical Hygiene

Let's Beat Rebels! Let's Beat Rebels! burst from the boys' physical education classes to build the ultimate spirit for a West Monroe game. Too often one thinks of the teams as the only part of the department. Each class, however, equals them in importance. Physical education provides a step toward physical fitness. Only through good physical condition can one attain sound health and sound mind, for one stimulates the other. It teaches cooperation and teamwork which are valuable not only on the sports field, but also in work in classes and jobs. The physical education department also teaches six weeks of first aid to its students. The value of this information is never questioned because emergencies are apt to arise at any time.

MRS. CHARLOTTE BOLTON

MR. CHARLIE BROWN

MRS. E. L. CHASE

MR. J. R. CHILDRESS

Part of the boys' athletic program was the intra-mural football game which all students attended to yell for their favorites.

MR. BUCK STEWART: B.A., M.A., Louisiana Polytechnic Institute. Health and Physical Education, Driver's Education, Biology. Head Track Coach, Freshman Football Coach.

Home Economics Teaches Practical Home Management

The clatter of dishes and the whirr of sewing machines are only a couple of the many sounds heard coming from the Home Economics department. A girl learns how to sew, cook, improve her personal appearance, and plan for the future through participation in class. While the cooking unit stresses the importance of working together well as a group, the sewing unit stresses the importance of independence. Neville's capable teachers never quit searching for new ideas to make Home Economics an even more enjoyable and profitable experience.

In clothing construction class Monnita Vick worked to complete her new outfit.

MRS. DAISY H. DANIELS

In addition to learning how to make stylish clothes, girls in Home Economics classes also learned how to launder the new fabrics.

Putting into practice some of the elements of social etiquette, they discussed in class, Mary Ann Hart served Mary Albright, Mary Vaughn, and Linda Leibowitz.

MRS. DOROTHY JOHNSON

After a lab in the kitchen Kay Hastings treated Karen Hayward, and Karol Files to pie.

Girls gathered in the kitchen for chatter before class began.

MRS. DAISY H. DANIELS: B.S., Louisiana State University; M.A., Mississippi College. Home Economics II and III. FHA.

MRS. DOROTHY JOHNSON: B.S., Northeast Louisiana State College. Home Economics I. FHA.

Industrial Arts Classes Teach "Do It Yourself"

David Lowrey and Sam Smith worked together on a gun rack.

Mike Campbell hammered vigorously on the cabinet for the teachers' lounge.

MR. LAWRENCE McGOUGH

Preston Brown made sure his chisel was sharp.

MR. LAWRENCE McGOUGH: B.S., Northwestern State College; M.Ed., Northeast Louisiana State College. Mechanical Drawing I and II. Woodworking I and II. Student Council.

Building a bookshelf or making a shoeshine box sounds like an easy job at first, but, if one tries it without help, he is likely to think otherwise. Mr. McGough helps his students learn how to build and repair various household furnishings. Through working with his own hands, a boy is instilled with a pride in his own craftsmanship. By taking part in industrial arts classes, the husbands of the future learn to "do it yourself."

Art Instruction Brings Out Hidden Talent

Miss Dowling teaches pupils the fundamentals of color, harmony, proportion, and balance. Through working with different materials, art students learn to appreciate form and texture. Heightened perception of the surrounding world results from taking art.

Bruce Brewer and Larry Averitt asked the advice of Miss Dowling about their projects.

MISS VERA DOWLING

Concentration is required for many of the delicate procedures for making artful creations. Handling her materials with precision was Annice Amman.

MISS VERA DOWLING: B.A., Louisiana Polytechnic Institute, Art.

Hanging the star he made as a Christmas decoration was Bobby Ross.

Speech Classes Give Students Self-Confidence

Everyone at some time in his life has to get up before a group and persuade them to believe what he says. A good course in speech can teach one how to capture the audience's attention, how to present facts effectively, and how to deliver the talk—in short, how to speak. Speech is not just a course in dramatics, although acting is a major aspect of study. It is also a course in debating, teaching one how to argue and how to make rebuttals. Students interested in drama are not the only ones who should take speech; everyone can benefit from the course.

Working out plans for the presentation of "The Ransom of Red Chief" were Charles Webb, Karyn Branch, Linda Altenberg, and Mrs. Blanchard.

Each student in Speech I told stories to small children during class. This task sometimes proved difficult, especially when the children knew a different version.

MRS. RITA BLANCHARD

MRS. RITA BLANCHARD: B.A., Northeast Louisiana State College. Speech I and II. Debate, Speech Club.

One of the first speeches that students must give each year is that in which the audience receives some kind of instruction. Giving just such a demonstration speech was Pam Arledge who made artificial flowers.

Developmental Reading Classes Use SRA Material

Self-correction is a part of all Developmental Reading work. Using the SRA Power Builder Key was Leah Smith.

MRS. SANDRA CHAPPELL

MRS. SANDRA CHAPPELL: B.A., Northeast Louisiana State College. Developmental Reading and English II. Annual.

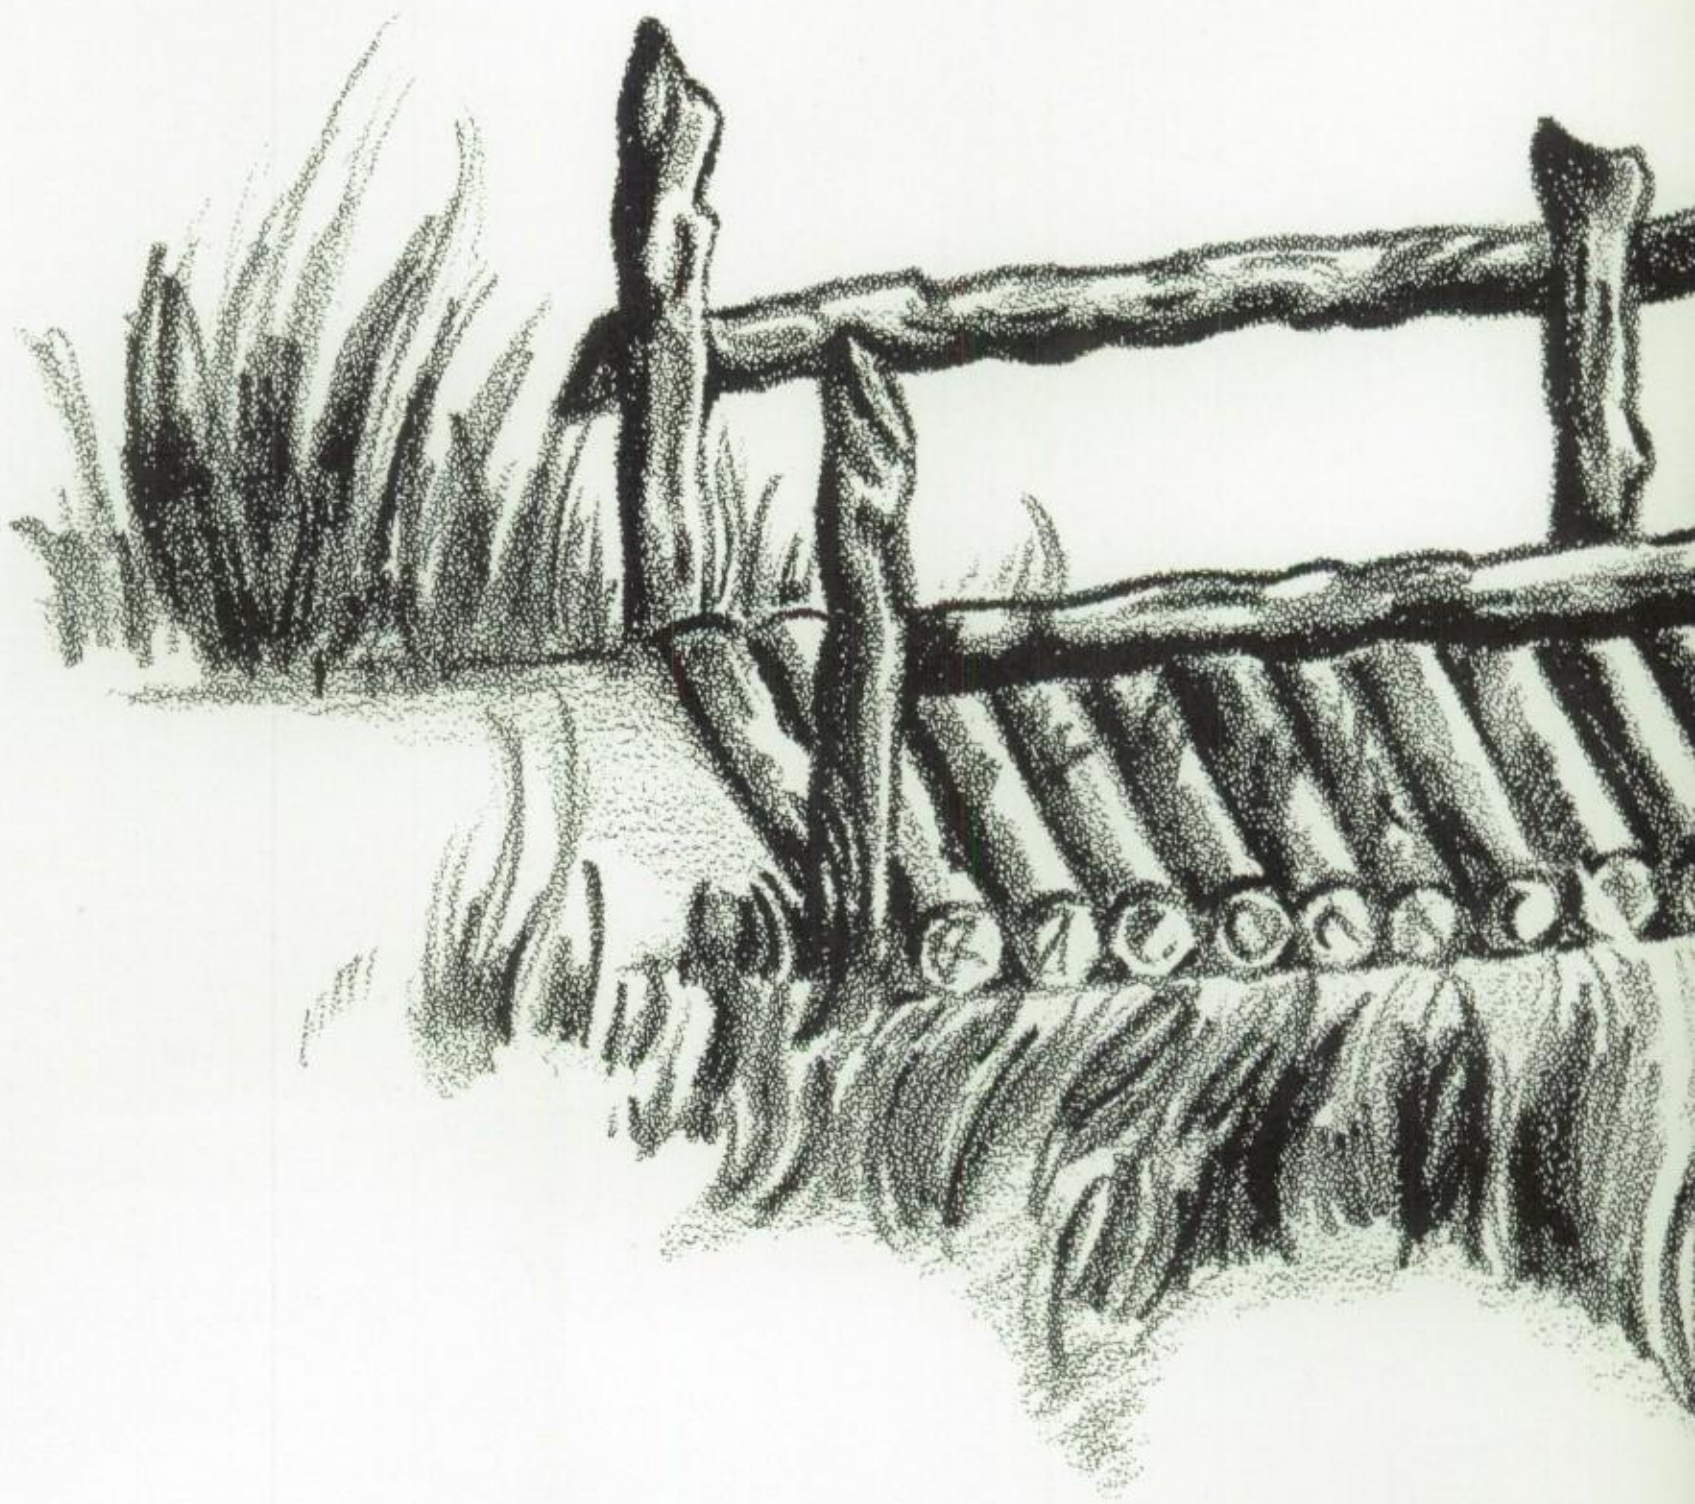

Reading skills must be taught. It is not enough to say to the average student, "Read this. It is a good book." For a systematic development of reading skills there is no one "best" way. However, those necessary skills must be taught with a definite purpose in mind. Boys and girls should realize their need whether it be increased vocabulary, comprehension, or speed. In the reading laboratory machines and other SRA materials are employed to aid the students in overcoming their problems and also in building their reading competence.

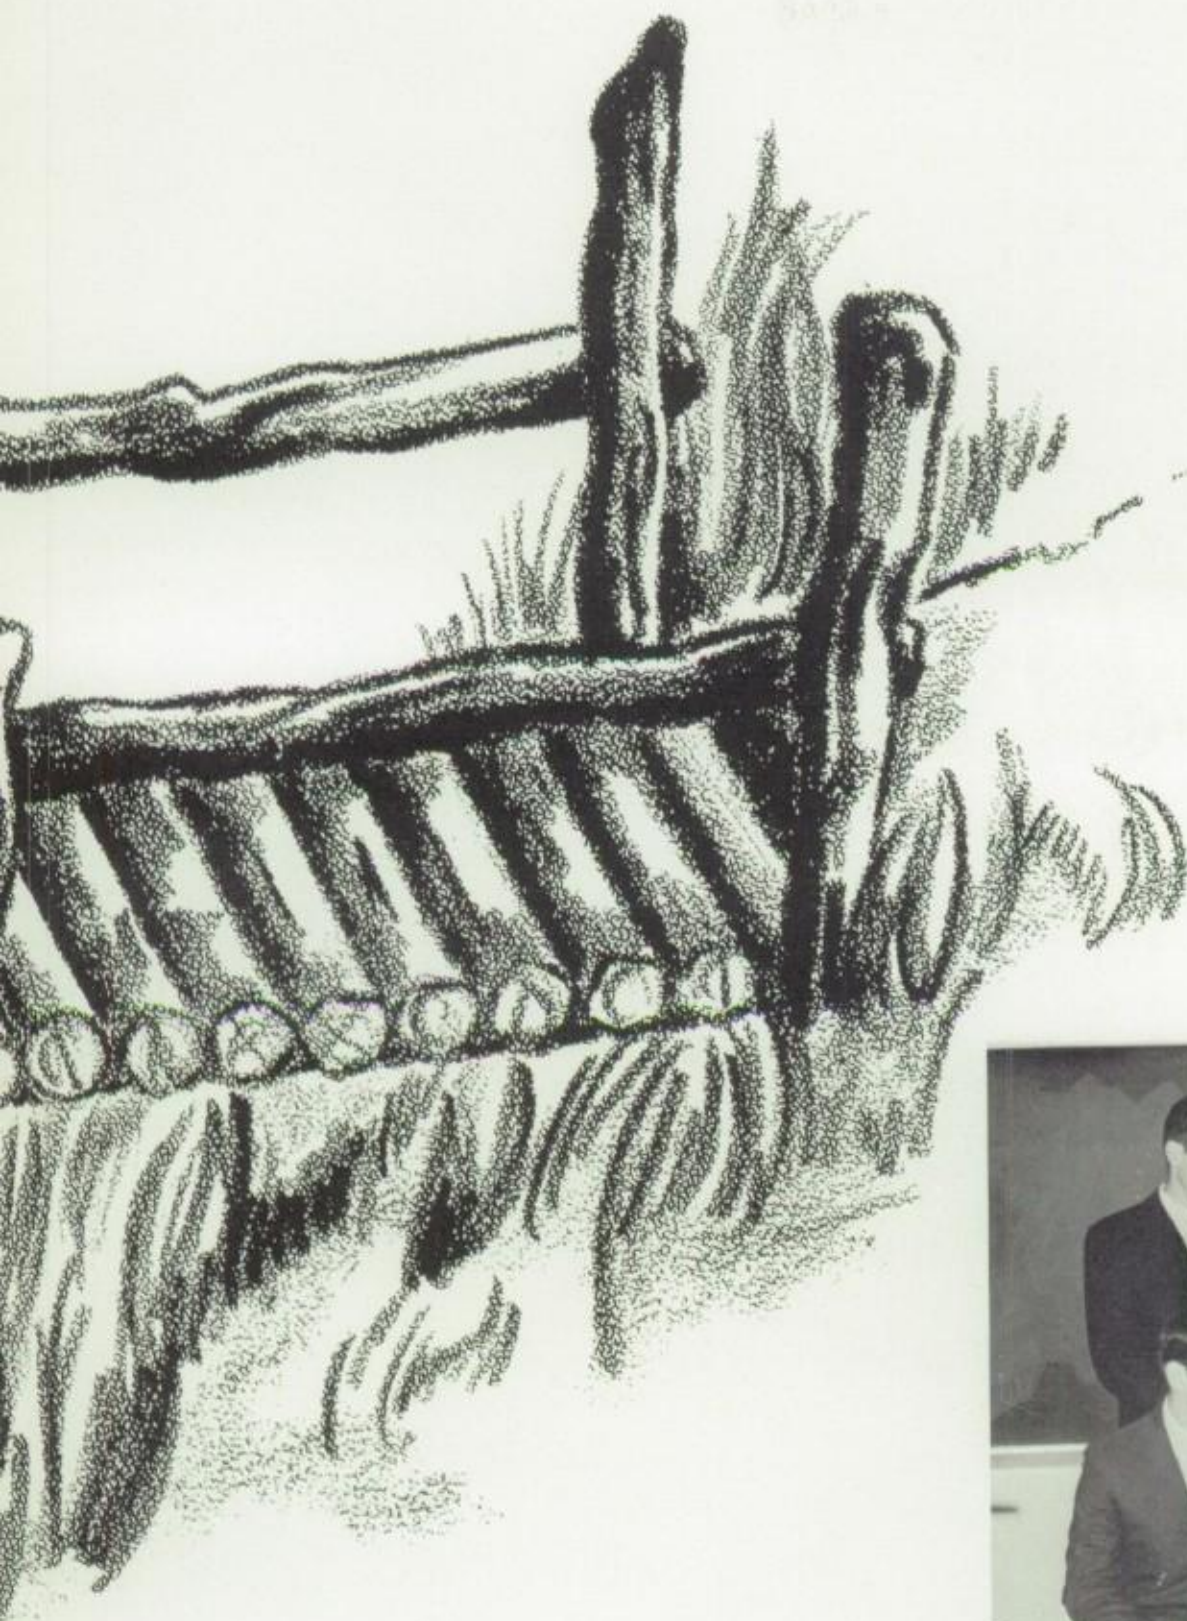

After they had completed a story presented with the aid of one of the reading machines, students checked their comprehension of the material.

Increasing vocabulary is one of the goals of the reading laboratory. Jo Ellen Ensminger looked up unknown words before doing a reading.

The Student Council began work in the middle of June when Jeff Liner, as one of the eight Louisiana delegates, attended the National Association of Student Council's Convention, held in Philadelphia. The council also sponsored delegates to the LASC workshop and convention, and the SASC convention. Neville presided as state president at the LASC convention in Shreveport with Jeff Liner delivering the keynote address.

In recognition of deserving students, the Student Council presented a "Student of the Month" certificate. Spring projects included Teacher Appreciation Day and a patriotic assembly. The main fund-raising project was the annual Talent Show. As a service to the students, the council operated the bookstore and published student handbooks. Other projects included sending packets to former Neville students in Viet Nam and purchasing a new cage for Shasta. To sum up—it was a most active year.

Bookstore provided students with paperback books which they used in English and social study classes.

In order for a Student Council member to represent each home room, elections for representatives were held in the spring. Among those from the junior class were *from left to right, front row*: Marilyn Carso, Zell Williams, Bill Edmonson; *back row*: Louis Gavioli, Buddy Spicer, Trish Crawley, and Eddie Langley.

Orchestra Members Share Their Talent Throughout the Area

KAY CURRY
President

ELIZABETH POOLE
Vice-President

The Neville Orchestra enjoyed a highly successful year. The orchestra was privileged to have more members than any other high school selected for the Louisiana All-State Orchestra. Several orchestra members participated in the Christmas program. Other performances included the annual spring concert and the baccalaureate service.

Joining the choir during their Christmas program were Elizabeth Poole, Marilyn Marsh, Kay Curry.

Perhaps having begun in the elementary orchestra program of the Monroe City School System, these music students took part in school and community presentations. Members were from left to right: Wanda Glenn, Sharon McKelvey, Frank Harmon, Paula Burks, Ann Martin, Kay Curry, Eliza-

beth Poole, Kathy Parrish, Barbie Easterling, Malva Cooley, Joan Burkhalter, Marilyn Marsh, Judy Gannaway, David Grantz, Charles Johnson, Mary Hickman, Bunny Zagone, Betty Bartlett, Debby Mobberly.

Key Club Collects Canned

In association with Key Club International, the Neville Key Club, sponsored by the Monroe Kiwanis Club, was founded in 1955 to serve the home, school, and community by instilling in each member initiative, leadership ability, and the desire to work. Key Clubbers are selected with the approval of the principal on the basis of high scholarship, good morals, and exceptional leadership qualities. The Neville Key Club, under the sponsorship of Mr. Jesse Bergeron, had a very rewarding year as they maintained their reputation for being one of the most active clubs in the school. The club opened the school year by selling football programs, announcing ball games, programs, and other functions on the illuminated sign in addition to placing menus in various sections of the school. As in years past, the club participated in city-wide campaigns for the Heart Fund and the March of Dimes. Highlighting the club's achievements were the new activities of collecting food cans for the Open Door Home and dinner meetings at restaurants in which distinguished Monroe citizens spoke on their various vocations.

Officers who led activities of this year's Key Club were *from left to right, front row:* John Dye, Sophomore Board Member; James Salisbury, Treasurer; Teri Arthur, Sweetheart; Bill Caverlee, President; Lary Hesdorffer, Chaplain; Jeff Liner, Parliamentarian; *back row:* Louis Gavioli, Vice President; Mark Hart, Sergeant at Arms; Al White, Senior Board Member; Aub Ward, Junior Board Member; and Eddie Langley, Secretary.

Senior Key Clubbers participating in the March of Dimes Drive were, *from left to right, first row:* Tommy Mulhearn, Bill McSherry, Mike Weaver, Dan Parker, Frank Hewitt, Petey Heflin; *second row:* Richard Ensminger, Frank Walker, Larry Averitt, Frank Harmon, Gary Dunlap, Hughes Abell, Sam Smith, and Lee Vanderpool.

Goods for Open Door Home

Meets Deadline

SUSAN KEKO
JIMMY BURGESS

An annual staff at Neville was founded in 1921 by Mr. William Wunsch. The first yearbook was the *Squeedunk*, a name supposedly referring to a steam-whistle, formed in 1922. The name was changed to the *Monroyan* in 1932 when Monroe City High became Neville High. If people would just realize more the tremendous amount of work that goes into preparing a good yearbook. Ads must be sold, layouts drawn, pictures taken and

identified, write-ups, captions, and headlines written as well as typed and proofread. Meeting last minute deadlines is quite a challenge and must be met with overtime work by the staff. With such capable editors as Susan Keko and Jimmy Burgess, the staff was able to complete another yearbook which they hope portrays a clear, honest picture of the great school that Neville is.

Carole Hardy checked a negative for mistakes.

JoJean Reynolds and Randy Moseley took time to clean the press, an arduous but necessary task.

Printing Department for

Bobby Ross prepared a negative for a program.

Neville students began contributing many long hours to save thousands of dollars for the school system in 1959 when the Monroe City School Board purchased printing equipment. Although it is not generally known, the work of the Publication Department is essential to the school. Mrs. Trichel, the sponsor, relies heavily on students who give up their study halls and afternoons to come and work in the printing department.

Is Responsible Football Programs

Items printed in the department this year included football programs, school forms, tickets and posters for school functions, report cards, school stationery, and slogan stickers. The printing department does its own layout work, shoots the negatives, prints, and then cuts the finished products. Not only Neville, but also the other schools in the system, benefit from the work of this department.

Using the cutter to trim hall passes were Ronnie Shelby and Kathy Folds.

Dan Parker printed up hundreds of football programs.

The Photographic Department put in many long and tedious hours preparing the pictures for the 1968 *Monroyan*. The staff members were allowed one hour a day to work in the darkroom, but everyone found time to work after school, on Saturdays, and during the holidays. Along with the fun of taking pictures, there was also the responsibility of developing negatives and enlarging prints. The photographers reaped the rewards as well as the problems of being a staff member.

The proceeds sponsored two productions in the fall: the *Manzanilla*, presented at the Columbia Art Festival; and a scene from *Anastasia*, presented at the U.S.L. and Northeast Speech Festivals. *The Ransom of Red Chief*, adapted from O. Henry, provided an evening of laughter when the Speech Club sponsored this play as its spring project.

In its second year the N.F.L. gained nine members and participated in several tournaments. Ten Speech Club members have qualified for the Thespian troupe to be organized in the spring. The many activities directed by Mrs. Rita Blanchard totaled a successful and memorable year.

The Neville Y-Teens, affiliated with the parish and national Y-Teens through the YWCA, performed several service projects during the year. Among them were filling ditty bags for former Neville students in Viet Nam, visiting shut-ins at Christmas and the Hudson Nursing Home. The members also collected money to supplement the income of a missionary in India. The Neville chapter took part in the parish Y-Teen project of working on "Happiness Exchange."

In August the Y-Teens held a "Get-acquainted Party" to meet new and prospective members. Other social functions included a wieney roast, Christmas party, and a "spur of the moment" party. A successful year was highlighted by the annual Mardi Gras Ball.

Another project of the club was to help form a new chapter in Shreveport. In December the annual banquet and initiation was held. At this Roman festival slaves in tunics were auctioned off to the highest bidders. A highlight of this year was the state convention which was held in New Orleans on March eighth and ninth.

Playing with the strobe light were *from left to right*: Robert Stone Bewick, Heath Allen, Ted Van Landingham, Richard Shackelford.

Travelling to the stars may seem far-fetched to some people, but members of the Science Club are taught to believe that such adventures may not be so distant. Students are encouraged to pursue their individual scientific interest and to discuss the newest discoveries. Professors from Northeast Louisiana State College were invited to the Thursday night meetings in order that the very latest scientific material might be available to the group. Under the sponsorship of Mr. J. L. Luther, Jr. the members visited the observatory and the astronomy department at the college. Plans were also made for an overnight camp-out at Lake D'Arbonne.

Varsity Football Team Led to Victorious Season by Spirit Stick

Managers Keep the Team on the Field

Serving as managers for the varsity football team were *from left to right*: Steve Cahn, Harry Goza, Jimmy Cosse.

A cheerleader's yell, the dance of the Tigerettes when the team scored, the intense desire to win which brought the Tigers back for a victory over heavily favored Woodlawn, and the hard-hitting contact of the players—all these elements were a part of the 1968 athletic program. The whistle that began basketball season, the tip-offs for control of the ball, and especially the final buzzers of both the girls' and boys' games with Ouachita were examples of the sights and sounds during the middle of the year. These combined with the pop of baseball mitts as the Tigers prepared for the spring slate of games and with the ticking of a stop-watch as the sprinters practiced the 100 yard dash. Throughout the years players and supporters have travelled all over the state in order to compete in other communities. As always the students who participated and watched the games and the other spectators displayed the true Tiger spirit whether the game was won or lost.

In order to help the football team see and correct their mistakes, Mr. H. J. Cassanova again took movies of each game.

Neville Takes Grid Jamboree

The Tigers huddled for a word with their coaches.

RUSSELL BATES
Center

Neville once again kept tradition going by sweeping three wins from West Monroe in the Jamboree. The Tigers freshmen whipped the Reb frosh 7-0 in the opener, the Neville B-team topped the Rebel B-team, 12-0 in the second encounter, and Neville took the varsity finale 12-0. The varsity's first score came midway through the second period. After a roughing the passer call, the Tigers had ball on the twenty yard line. Frank Hewitt then advanced to the 10 where a field goal attempt by Mike Weaver was no good. When the Rebs roughed

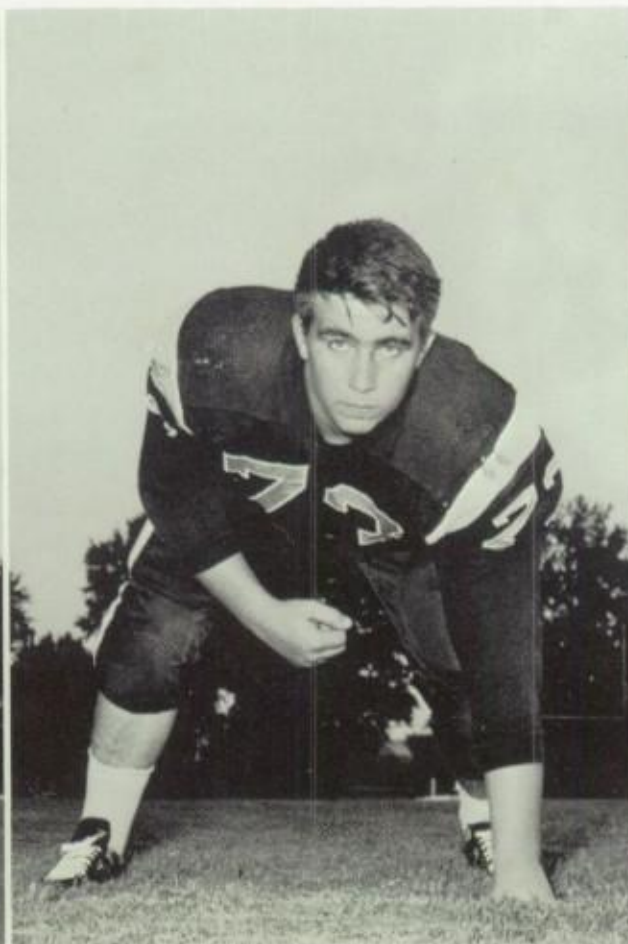

the kicker we got the ball back and went on to score with Bill McSherry carrying it over. After the half the Rebs fumbled. Mike Weaver advanced to the 10 where McSherry finished the drive.

Four plays then punt was the most frequent situation in the B-team game. Finally in the second half Ronnie Shelby hit paydirt. Donnie Wallace ended the scoring on a 72 yard punt return.

The freshmen scored on a run by Smith following a 6 yard pass from Mike Lary to Jim Causey.

Tough Tiger Defense Holds Rams and Hornets

JOHN DANIEL
Tackle

Mike Weaver led interference for a future Mark Hanson gallop.

Sparked by two Greenville mistakes, a running attack that moved at will, and a sharptoe kicker, Neville methodically moved to a 37-0 sandblasting of the Greenville Hornets. The Tigers' strength shone as Neville scored in every quarter with four touchdowns and three field goals as Mark Hansen finished the night as the game's leading rusher with

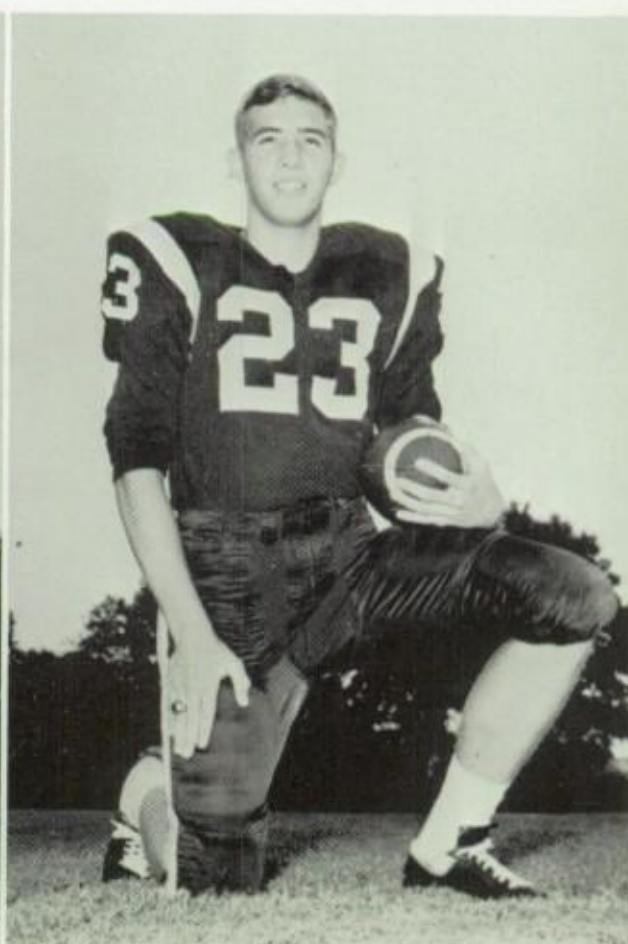

53 yards. Neville chalked up 315 yards on the ground while the Tiger defense, sparked by Mike Campbell, Frank Harmon, Sam Smith, Aub Ward, and Frank Walker, limited the Hornets to 24 yards rushing and 37 yards passing. Neville completely outmanned the Greenville team, which it had battled to a 0-0 deadlock last season.

Neville's Tigers punched over two touchdowns in the second and third quarters to down Bastrop 14-0.

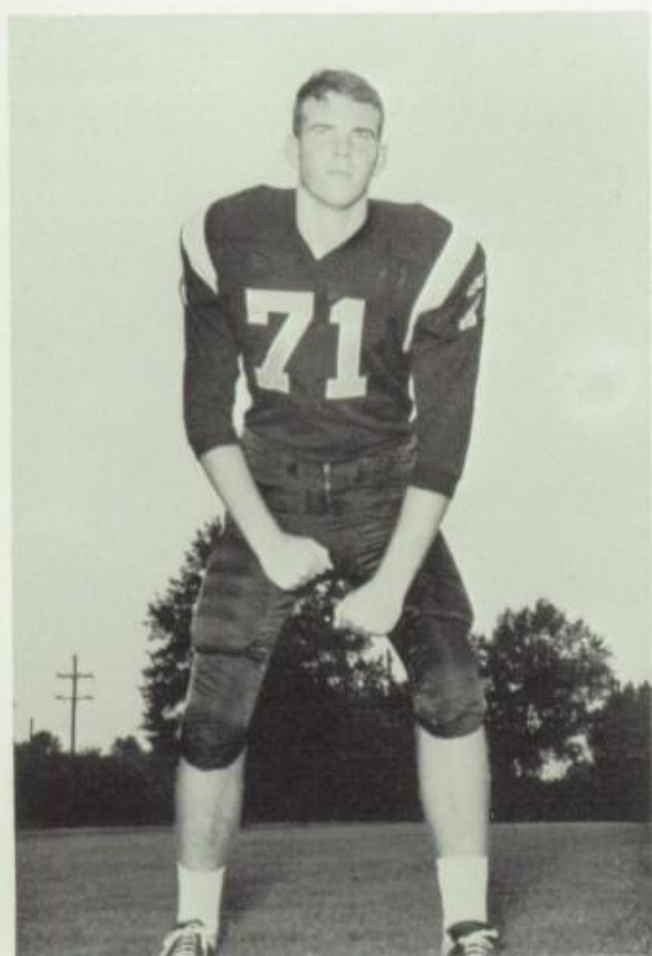

Halfback Mark Hansen skirted end for 26 yards and for the first Tiger tally in the second period. The drive had begun on the 41 after taking a punt.

Jackie Rosenberg got Neville's second tally, a one jump early in the third period. Mike Weaver, Neville's sure footed senior fullback kicked both

PAT's.

The fleet Tiger defense held Bastrop to only 80 yards on the ground while the Bengals stacked up 255 yards on the ground paced by Louis Gavioli's 88 yards and Bill McSherry's 63 yards.

The closest the Rams came to the Tiger goal was in the fourth quarter when the Bengal defense held them on the 12.

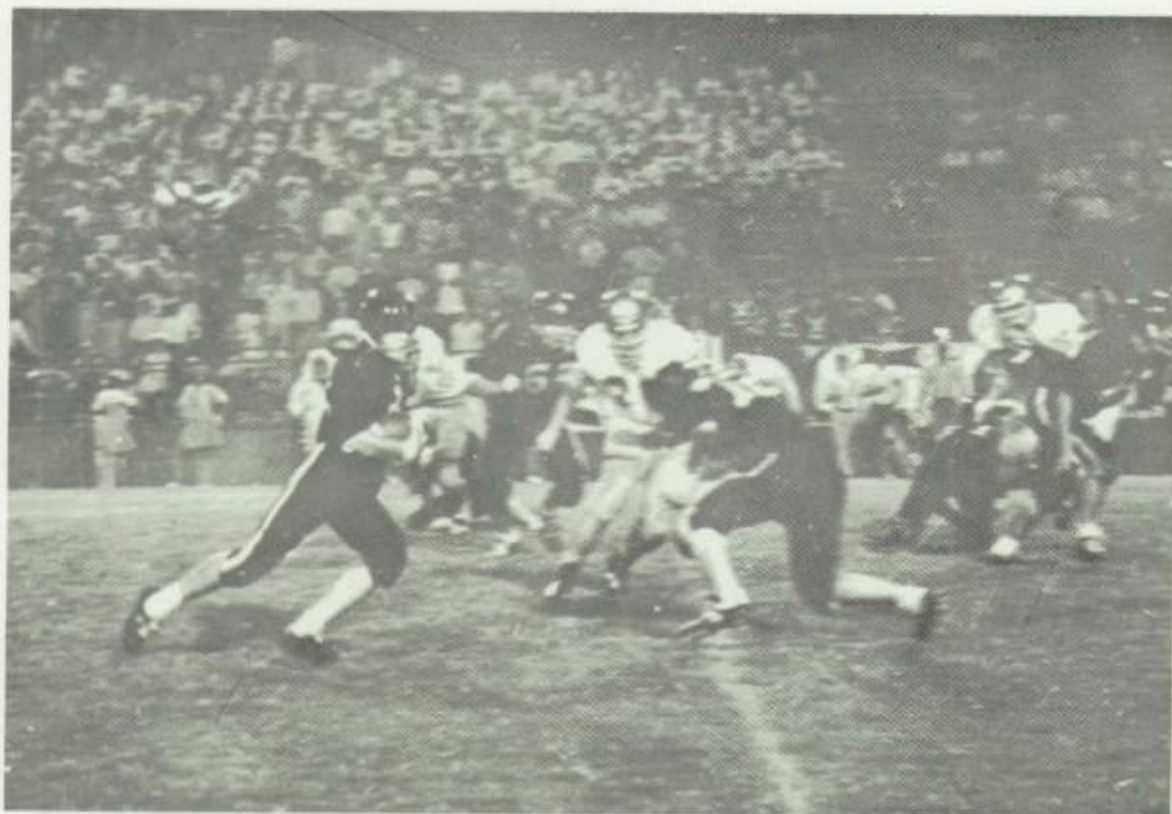

FRANK HARMON

Mike Campbell limped off the field, but left destruction behind him.

Fair Park Falls to Tenacious Neville Defense

Randy Walton skirted right end behind blocking of Dra Durrett.

MARK HART
Guard

Neville jack-rabbitied through a bulky Fair Park line for 268 yards rushing and flew via air for another 112 to crush Fair Park, 23-6. Frank Hewitt, playing a superb game, scored twice on four yard runs and Mike Weaver added another on a three yard plunge in addition to kicking three PAT's. The Tigers rounded out their balanced attack by drop-

ping their Fair Park quarterback for a safety in the final quarter.

Mark Hansen paced Neville in rushing with 91 yards on 11 carries. Outstanding on defense were Sam Smith and John Cale who allowed the quarterback to complete only one pass, that for one yard, although he attempted to pass numerous times.

A 44 yard scoring aerial with 50 seconds left to play lifted Airline over Neville 14-13 in a true heartbreaker. Airline's late score erased a beautiful 70 yard touchdown by Mark Hansen seven minutes earlier. Hansen slipped up the middle on a quick opener, hurdled two would-be tackles, zipped between two more, and out-distanced two others. Neville's first touchdown came on a first period 65 yard march in 11 plays with Bill McSherry going

over from two yards out. The drive almost stalled at the Vikings' 46, but on a third down play, McSherry hit Randy Walton with a 19 yard aerial to the Airline 27. Hansen followed with a 23 yard scamper to the four.

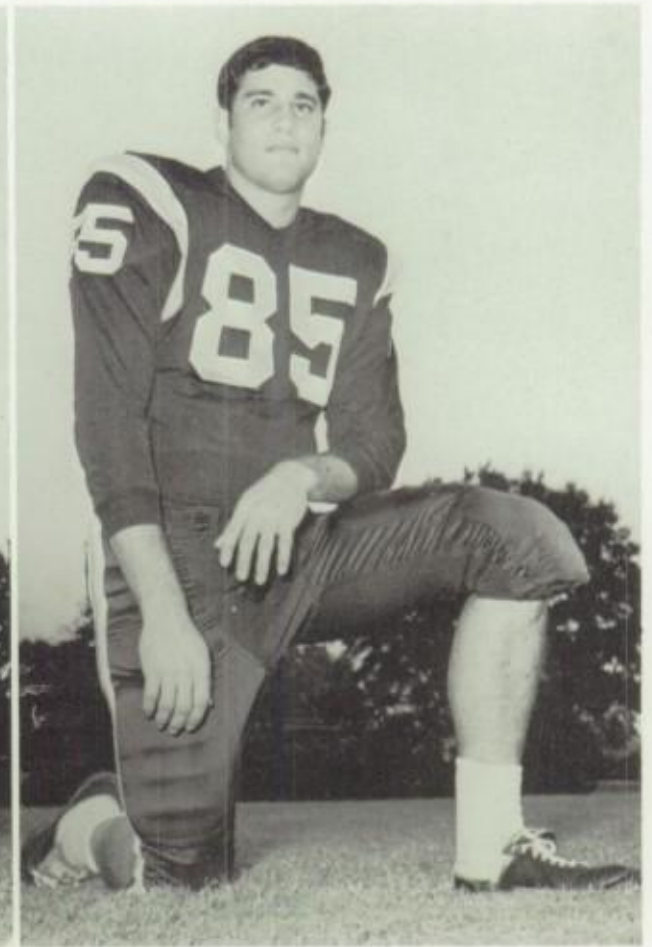

The Tiger defense, headed by Sam Smith, Mike Campbell, Frank Hewitt, and Frank Harmon, continually came up with key plays to thwart the Airline offense.

After spotting Ruston a brief lead in the third period, the Tigers broke loose in the fourth period and took a rousing 39-21 victory. Neville led 12-7 at the half behind an 11 yard run behind Bill McSherry and a one yard plunge by Mike Weaver. In the second half the lead switched hands several times. Randy Walton hauled in a 15 yard strike only to have Ruston come back and score. Neville

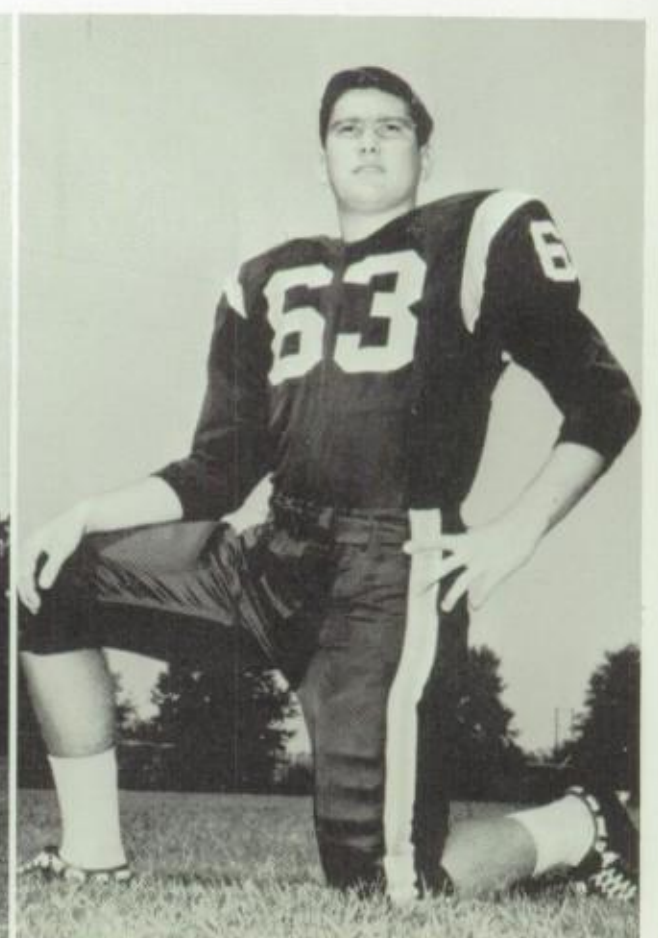

got the last touchdown of the third period on a sensational 74 yard pass from McSherry to Louie Gavioli. Weaver's boot put the Tigers in front 26-21. It was all Neville's fourth quarter as Frank Hewitt rammed in from four yards out and Frank Walker, who was outstanding on defense, went 50 yards with an intercepted pass.

Game, but Bossier Brings Defeat

Using a crushing defense and modified "I" formation the Bossier Bearkats scrambled past Neville for a 13-0 1-triple A win. The only bright spot in the Tiger's offense was an opening kick-off drive that covered 58 yards. After this drive Ne-

ville seemed to lose their usual fire and spirit. While the defense was hard at work on the Neville offense, the Bossier assault elements were hanging up two touchdowns on the scoreboards. For the first time this season the Tiger offense lacked its excellence, having three intercepted passes.

JACKIE ROSENBERG

Quarterback Bill McSherry passed for two touchdowns in the first half and a stingy Neville defense made them good as the Tigers clipped Byrd, 13-0. Randy Walton scored in the first quarter on a 31 yard pass. In the second period Jimmy Laudeneimer hauled in a screen pitch for the second touchdown. Neville's defense and the punting of Mike Weaver were the biggest factors throughout the game. With just about every defender getting

into the act on one play or another, Neville held the Jackets without a first down and only 22 yards total offense in the first half. Weaver, who punted eight times for a 35.6 yard average, was the biggest reason for Neville holding good field position. Louis Gavioli, the sparkplug in the offense with strong, determined running, led the ground attack with 65 yards.

Neville jumped back into the thick of the District 1-AAA race as the team played their finest game by defeating number three ranked Woodlawn 20-13.

The Tigers were down 13-0 at the half behind the super quarterbacking of the Knight's Joe Ferguson. Then, in the second half, Neville burst the game wide open. Fed by Bill McSherry the Monroyans had their season's finest hour. McSherry scored the last two touchdowns, which included a 64 yard

sprint midway in the third quarter and a 34 yard skirt down the sidelines. Mike Weaver was outstanding on offense as well as defense in scoring the first touchdown, intercepting a pass, and recovering a fumble. Defense proved the answer for the Tigers, as they held Ferguson to fewer than his average number of completions. On the ground Woodlawn gained only 31 yards while Neville rolled for 349.

Neville Again Reigns as

John Causey had his head on the ground for the Greenville game.

Mark Hansen flew through two would-be tackles.

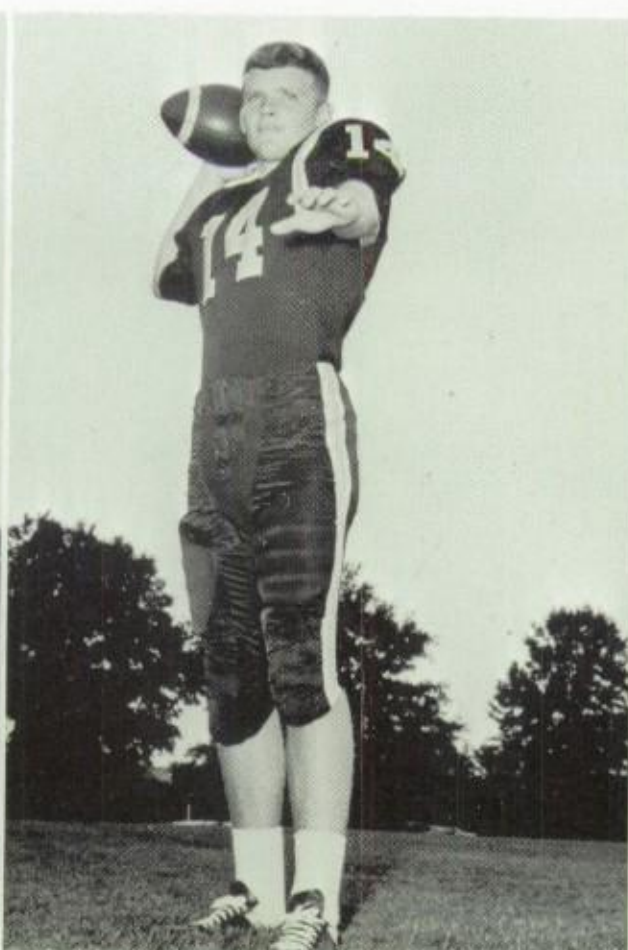

Neville, in its traditional battle with Ouachita, fought to a 14-14 tie with Frank Hewitt scoring both of the Tigers' scores on runs of five and two yards in the first and fourth periods.

Weaver, running as strong as ever, and Hewitt, who led the Tigers in rushing with 93 yards, and Mark Hansen drove for the TD with Hewitt going over from five yards out with 5:55 left in the period. Weaver connected for the point to tie the game 7-7.

position early in the fourth period when Hewitt intercepted a pass and returned to the Tiger 42. It took the Tigers only five plays to get the second tying touchdown as Hewitt broke loose for a 28 yard sprint and McSherry followed with a 19 yard gallop to the Lion's two yard line. Hewitt plunged over for his second score from there and Weaver tied it up with a booming kick with 10:40 left in the game.

Neville exploded in the fourth quarter for a touchdown and a field goal to thwart arch rival West Monroe 17-7, and climax the best 1-triple A season in Tiger history. The running of fullback Frank Hewitt plus a stingy Neville defense led to the fourth quarter scores and the victory. Hewitt, who led all rushers with 88 yards, galloped 33 yards early in the period to the 16 yard line. Bill McSherry followed with a sweep around right end to put the Tigers in front for good.

Neville's first score came on a tremendous 23

yard run by Hewitt in the first period. The outstanding runner started to the left side, cut right, and made another cut to the left and went in. Mike Weaver put the icing on the cake with a 22 yard field goal with 43 seconds left in the game.

Neville's defensive unit completely bottled West Monroe's second half offense. Behind Frank Harmon, Mike Campbell, John Cale, and Sam Smith up front, the Rebel runners were dumped for 49 yards in losses and ended the night with a minus 39 yards on the ground.

Cheerleaders Use "Spirit Stick" Won at Camp To Inspire the Teams and Student Body

Boosting Tiger spirit were, *from left to right*: Kathy Cobb, Rosanne Yarbrough, Marianne Walker, Sandy Zollinger, Ann Sherrouse, and Judy Baker.

Rarely is true "Tiger Spirit" displayed more fully than by the Neville cheerleaders. These six girls carry the responsibility of leading the student body not only in cheers, but also in conduct and spirit. Through their original, clever ideas, they bring out every ounce of spirit in each student. Enthusiasm was especially contagious with the introduction of the spirit stick. As Mrs. Pearce, their sponsor, will verify, the cheerleaders work a full twelve months. Summer brings cheerleading camp, making plans for the year to come, and endless hours of practice. Even after fall, practicing continues throughout the school year to support all Tiger teams and functions. Spring brings training for next year's cheerleaders. If every student gave up as much time and energy as these six girls, Neville would exceed their "110% Tiger Spirit."

The Alma Mater was the inspiration behind the Sophomore float theme.

at Homecoming

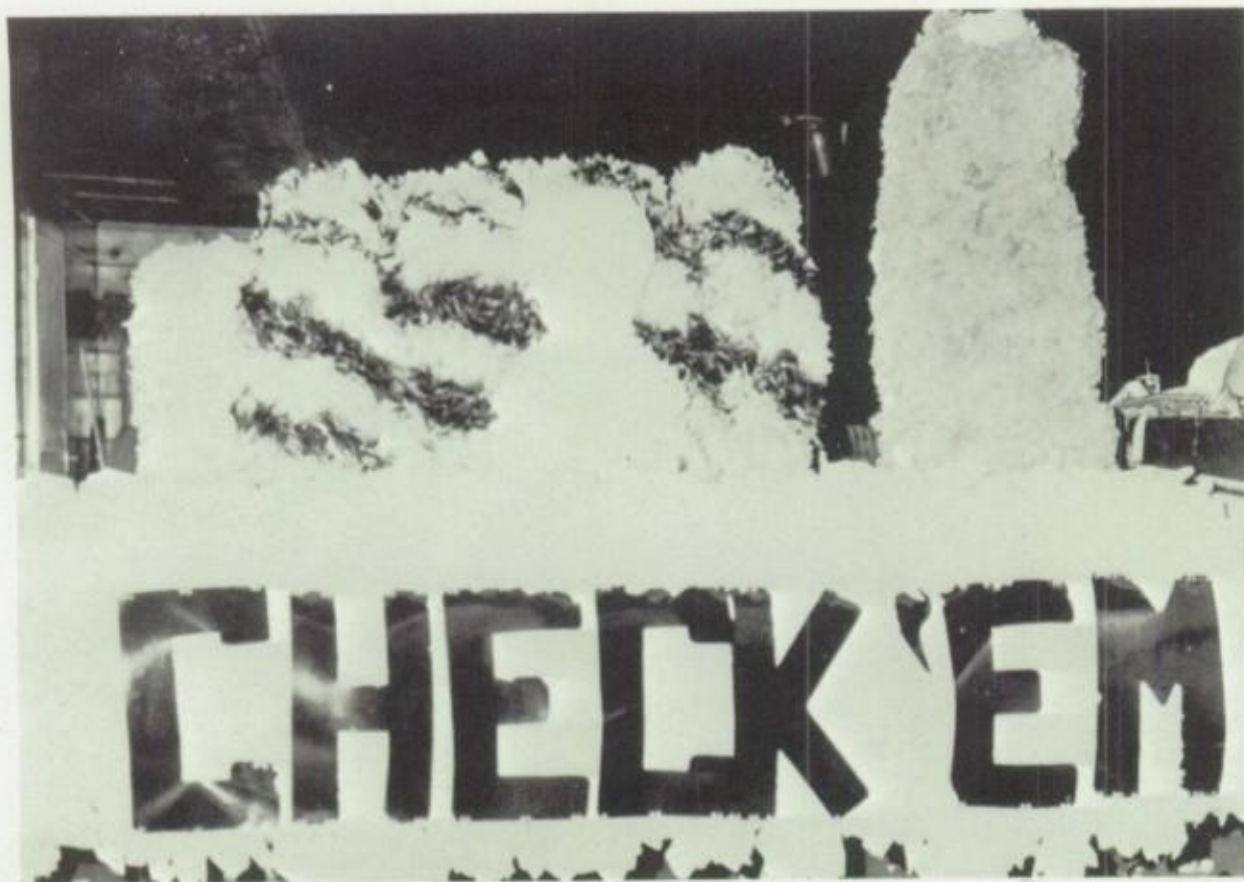

The Juniors rock Woodlawn Knights to sleep at homecoming.

With each football season comes homecoming for the Tiger alumni, and with that event comes the fierce competition among classes for the coveted title of "First Place." As the floats, the bands, the Tigerettes, and the decorated cars fight their way down DeSiard, students who helped with each entry hope for the right nod from the judges.

The Seniors' whale casts an evil eye upon the opposing team at the game.

The Freshmen make a successful move when they checked the Knights.

Tiger Tracksters Place

Breaking the wire in the mile run, David Grantz became the Twin-City champion with a time of 4:35.8.

The best time in the state of 3:20.9 in the mile relay was recorded by Pat Mabray, Ricky Packer, David Hochstetler, and Fred Cale.

The Neville tracksters of coaches Buck Stewart and Sonny Smith stepped off one of their finest seasons ever in 1967. They compiled an outstanding record of ten firsts, one third, and one fourth. In addition, they sent their 880 and mile relay teams to the state AAA meet at Chalmette.

The team opened the season with a superb victory at Natchitoches in an indoor meet. Of five records broken the relay teams took credit for two. The Tigs hustled to an impressive win in the Neville Relays, winning six events and placing second and third in many others. They beat out the best of the Northeastern track talent in attaining the victory.

The cinder oval occupied the crowd's attention when the Tiger men were running. Fred Cale stepped off the hurdles as well as the mile relay. Sophomore David Grantz supplied tense excitement with his last lap kicks and record times. The 880 relay team of Mark Hansen, David Hochstetler, Ricky Packer, and Pat Mabray pulled off key victories in tight spots. The mile relay team ran the best time in the state.

The bridge to the future has been crossed and we are now ready to explore what lies ahead. For the memories this yearbook brings we are indebted to all connected with the 1968 *Monroyan*. The photographers managed to find time to take and take over hundreds of pictures, develop the film, and print each one. The diligent staff spent countless hours writing, re-writing pages that compose this annual. Mrs. Chappell patiently (almost always) caught our mistakes and inspired our enthusiasm. The faculty and students served as the basis for the yearbook for without them there would be no *Monroyan* and no reason for a history of this year at Neville.

As this page marks the end of this book, we realize that there are no ends; there are only beginnings of that great unknown—the future.

Carla,
 have really
 enjoyed knowing
 you this year. Good

 sweet. May God Bless it

It has been a pleasure knowing you
these past several years. You are a good
student and a nice person. Good Luck in
all that you do.

Your friend,
John Andrews

Dear Carla,

Well, it been a short time since you wrote. I can't wait for May 10 but I guess I'll just have to. Really though I am sorry nobody was at the thought of leaving good old Phillips High School. It has really been wonderful. Well that we will go off to college where we will be stupid freshmen again. Seriously though, Carla, I have really enjoyed our friendship throughout our 18 years of knowing each other. I only hope we can continue to be friends in the future. Always stay as sweet and wonderful as you are. Love you,

Shirley

Dear "Furby - Cue" (Cassa)

Boy, have we had fun in our life time together. I've really enjoyed being friends with you more than anyone else I know of in this world. I really do admire Wheeler, his personality and all. Hang on to him as long as you possibly can. Forever (la!) We've had so much fun. I know we'll have a lot more. I love to come to Monroe because of you. You are a real friend. I can't believe I'm a senior and you're out of high school. It can't be possible. You have got to come to Fayetteville soon. I'll always treasure your friendship and will keep it forever. Well, I've gotta go now. Say "hi" to Wheeler!
